

**"When you enter this loving school, consider yourself one of the special members of an extraordinary family"**

This is one of the first things you see when you arrive at AISM as it is displayed on one of our many welcome bulletin boards.

Welcome to the year of the Mountain Zebra! I am Mrs. Lovetta Qualah and I am honored to be the Administrative assistant / Admissions office this year to give you all the support needed as we continue to learn, change, adapt and transform! Here at AISM, family is what we are. Like the mountain zebra's unique pattern of black and white stripes; each of us (students, teachers, parents, support staff) possess unique qualities that make AISM the vibrant school it is.

I look forward to working together as a team for a successful and exciting school year.

This is..... A.I.S.M!
