Director Trudeau,

On behalf of the U.S. Embassy in Liberia, I would like to congratulate The American International School of Monrovia (AISM) and its staff for reaching the milestone with 10 years of continuous service.

AISM plays an integral role in our community supporting our Embassy families. With growth from 38 students at opening in 2007 to 101 students today, AISM's partnership with our Embassy continues to strengthen. We appreciate your contributions to both our Embassy community and to our host country, Liberia. I would also like to recognize not only the remarkable efforts to stabilize the school after the Ebola crisis, but also passing the rigorous requirements for the recent reaccreditation by the Middle States Association of Schools and Colleges (MSA).

I sincerely appreciate AISM's efforts to serve our Embassy community, and offer my best wishes for AISM's continued success.

Sincerely,

A handwritten signature in blue ink that reads "Christine Elder".
